Item: 8300LTE Made in China

Painter's Tool Bag Deluxe
UPC: 012758082009
Item: 8200DLX Made in China

**WORK HARD,
LIVE EASY.™**

Handy Products is founded on the idea of “there’s gotta be a better way.” What began as a coffee can and some duct tape in 2001 has evolved into an iconic lineup of favorites among professionals and DIYers. We make the majority of products in our own backyard in the USA. Every product is guaranteed for life, easy-to-clean and simple to use.

MADE IN THE USA

Beginning with the first Handy Paint Pail, we made a commitment to build products in the USA whenever possible. Domestic manufacturing goes beyond a label. We value sustainability, community, and creating jobs in our own backyard.

LINERS CREATED WITH RECYCLED MATERIALS

We build all our liners with 100% recycled materials. Over time this keeps a valuable material in circulation and lessens the environmental impact.

GUARANTEED FOR LIFE

Handy Products are guaranteed for life. Experiencing a problem or defect with something? We'll repair, replace, or recycle it for you.

WE'RE ABOUT PEOPLE

We believe in doing good. Beyond a tagline or slogan, that translates into being generous with our time and resources. Visit our website to see the organizations we proudly give to as part of our commitment to Do Good.
